

Instructions for the Three Logger

The Three Logger comes with one 26" grill. Overall size: 3.5' w x 3' d x 1.5' h. Weighs 400 lbs.

Some helpful hints before you start:

1. Tools needed: rubber hammer, 3" stiff putty knife, level, square, stone dust for leveling
2. Lay out all the pieces by size from the longest to the shortest.
3. When possible, place smooth side into the heat of the firebox area.
4. Use a putty knife and a rubber hammer to chisel away excess material in the notches or for tight fits.
5. Most tight fits can be gently rocked into position.
6. Season the grills with Crisco shortening the first time, use Pam spray on the food grill, please take them in, out of the weather to prevent rust.
