

# BROOKSIDE PERMEABLE PAVER

With the traditional finish of the Colonial Cobblestone, the unique 3 piece sizes and permeable compliant spacing, this paver is the total package of elegance and ease. At 2 3/8" thick the Brookside Stone is the perfect choice for walkways, patios, driveways and more. When installed with open-graded base and sub-base for infiltration and storage, the Brookside Stone, improves the quality of life for the environment while providing a sustainable solution proven to last.

## FEATURES

- Old fashioned Cobble look
- Traditional finish with undulated surface & eased corners
- Makes serpentine patterns with ease
